HARC's president Ben Adams KK6SYJ chaired this month's meeting and called the meeting to order at 7:04pm at 3030 L street. The log book was passed for all hands to sign in. We had 15 people for this meeting & via zoom. Ben started with an introduction and all attendees introduced themselves.

Jaye ke6sls asked if there were any changes for the Minutes from for September. A motion was made & seconded to accept the minutes as posted on the HARC Email reflector.

HARC has created a new Silent Key Equipment Plan and this plan will be added to the HARC website to assist people that need to clear out radio equipment owned by deceased hams.

Marci ke6iau gave the treasurer's report. Beg: Bal: \$3497.89, Income \$278.00, End Bal: \$3775.89.

Create Standard Operation Procedures for our COM trailer & Equipment trailer. These will be short check off lists for Moving, Use, Stowage. Anthony kg6lhw is working on this.

Don wa6nbg gave an update for VHF Winlink, the router has been installed! However, the computer they were issued will need security updates for county which is underway. This will ultimately yield ability to remote radios on roof of courthouse and eliminate 100's of feet of lossy coax and the radios will be remotely controlled.

Winlink Wednesday Net continues to grow. View the website where the calendar gives weekly details for participants: <https://humboldtwinlinkwednesday.net/>
